Sir,

vide Sl3 232 of 95-6

Referring to Government Proceedings No. 1839-40 of 5" Augst-96 & 2-9 116-95 I have the honor to report that all 16 of the building sites in Narayanpatta-halli village extension, have been sold realizing a sum of Rs 861/- which gives an average of Rs 53/3 for each site, which compares very favorably with the prices realised in other localities. With the exception of a small balance, the sale proceeds have been collected and paid to credit in the Revenue to the City Improvement

Several enquiries have been made recently for building sites in this locality and it is not at all unlikely that in future increased prices will be obtained, especially when intending purchasers see that the roads in the Extension are made usable.

(2) For the present I propose to form and complete two main and three cross roads which will make it convenient of access and give frontage to 53 blocks. I therefore submit an estimate for this work amounting to Rs 580/- and I solicit the early sanction of Government to the same in view of holding another sale by the end of December 96
